HUMAN CAPITAL

Top management

President

42 years of experience

"Science has shown us the keys to investment success, but in aeronautics, it's above all passion that makes the difference."

General Manager

37 years of experience

"When I see my team working harmoniously towards our shared goals, it reinforces my conviction in the relevance of my management approach."

Administrative and Financial Director

10 years of experience

"I am convinced that administrative management within an aeronautics company relies on a deep understanding of production staff."

HUMAN CAPITAL

Production Process

Guided and led by experienced aeronautical engineers, our production team is made up of **80%** of technicians with over **25** years of experience in aircraft maintenance and general equipment overhaul.

This team is mainly composed of former technicians from military aviation and Royal Air Maroc. The interactionism model adopted by Delta Aerospace ensures the transfer of skills to young technicians, according to our company's style.

ATR 72/42 UP TO C CHECK

- **A1 Category Aircraft**
- **ATR 42/72 SERIES**
- **PW 120**
- **Approvals:**
 - **DAC – ANACIM – ANAC**
 - **Client authority approval**

Delta Aerospace is able to convince client representatives of the company's organizational competence and its ability to provide quality services, respecting TAT (Turn-Around Time) at competitive prices.

CUSTOMER'S LOYALTY : 100%

KING B300C (350)

- **KING AIR 300 SERIES**
- **PWC PT6A**
- **Approvals:**
 - **DAC – ANACIM**

The combination of maintenance work on aircraft and the general overhaul of its subassemblies make Delta Aerospace a model of expertise in the range of interventions on Beechcraft .

**WE INVITE YOU TO DISCOVER THE INTERNAL
ECOSYSTEM OF DELTA AEROSPACE**

Cessna C650 -TFE731

**Cessna 208B (Caravan)
PWC PT6**

**The versatility and HR expertise at Delta Aerospace
give it the signature of unique performance MRO**

**WE INVITE YOU TO DISCOVER OUR SIMPLE AND
EFFECTIVE MAINTENANCE PROCESS APPROACH**

RIN 443

Delta Aerospace is the only Moroccan company specialized in hydrostatic testing of pressurized bottles and the re-certification of DOT cylinders.

Approvals:

- **US DOT- PHMSA**
- **DAC - ANACIM - ANAC**

SAVE ON LOGISTICAL BUDGET.

HYDROSTATIC TESTING IS AVAILABLE AT DELTA AEROSPACE

NDT

EDDY CURRENT TESTING

We use the eddy current method to detect defects in conductive metals.

RADIOGRAPHY

DELTA AEROSPACE has a variety of radiographic inspection tools for detecting defects in parts.

ULTRASONIC TESTING

The purpose of this method is to detect any defect that results in a discontinuity of mechanical properties.

MAGNETIC PARTICLE TESTING

We use magnetic particle testing for inspecting ferromagnetic parts used in sectors like automotive, aeronautics, etc.

DYE PENETRANT TESTING

DELTA AEROSPACE has the capability to perform dye penetrant inspections, allowing the detection of surface-breaking discontinuities.

OUR WORKSHOPS

HARTZELL PROPELLER

**LANDING GEAR C14
(MLG-BRAKE ASSY-MAIN WHEELS-MLG)**

Delta Aerospace

Two 1,200 m² hangars:

- **Mechanical and avionics workshops**
- **Stores**
- **Technical and administrative offices**

Promotion of:

- **Health**
- **Security**
- **Dignity**
- **A good environment**

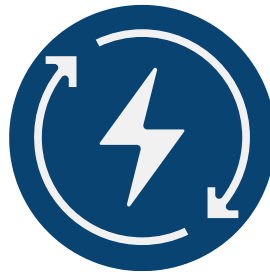

**THE VISION OF OUR LOGISTICS TEAM AND THE SYNERGY WITHIN OUR GROUP IS
THE DRIVER OF OUR AUTONOMY IN MATERIAL**

OTHER SERVICES

**PROJECT STUDY AND
SUPPORT**

SCALE-UP SOLUTIONS

**ENGINEERING AND
CONSULTING**

**LINE AND BASE
MAINTENANCE**

LOGISTIC SUPPORT
